Re: Bhaskar Sengupta

NRIC/FIN: G5560113K

This is to certify that Bhaskar Sengupta is currently employed by Oracle CAPAC Services Unlimited Company (Singapore Branch) as Domain Lead, Packaged Applications, Center of Excellence - JAPAC. Bhaskar joined the company on 13-Jun-2011.

Bhaskar's current work location is 1 Fusionopolis Place, #12, Galaxis, Singapore 138522.

Bhaskar Sengupta's main responsibilities are as below:

Directs and manages resources, through managers, to work with customers, sales, engineering, and product teams to design and implement solutions for customers. Participates in the development and communicates business objectives and metrics to team. Sets objectives, implements plans, ensures attainment of business strategy. Manages the implementation of solutions and ensures successful deployments including code development and scripting. Oversees the support of customers from Proof of Concept (POC) through production deployment, resource configuration, planning, and customer education/training. May assist in developing solutions strategy on Oracle cloud solutions and technology to assist in gathering requirements, developing architectures and translating business needs into solutions. May assist in strategic direction on technical cloud solutions and customer success. May create and distribute technical assets (white papers, solution code, blog posts, and video demonstrations). Identifies gaps and enhancements to influence engineering roadmaps for customer driven features. May deliver presentation demonstrations to high level customers and at conferences and events. Maintains expertise by staying current on emerging technologies. Acts as spokesperson for Oracle cloud and an escalation path for relationships. Ensures team members maintain productive relationships for successful design and implementation of solutions. Builds trusted relationships with customers, sales, engineering, and other pillar counterparts.

Sincerely

Agnes Tan
Senior Human Resources Director
