Hi Joseph,

Congratulations!

We invite you to join the Carousell Team as a **Software Engineer Intern (Web)**. We are excited to have you in our next growth phase on our mission to inspire the world to start selling and buying to make more possible for one another!

Your key responsibilities include:

- Program well-designed, maintainable, testable and efficient code
- Troubleshoot, debug, and upgrade existing systems
- Deploy programs and evaluate user feedback
- Participate in code reviews to maintain a high-quality code culture
- Discuss and communicate actively with your mentor and other engineers in the company to seek idea and feedback

We've put together a package that considers your financial needs, including other benefits that we hope will help you focus on our mission.

Gross Salary

SGD 2000 per month

Let us know if the terms are satisfactory and we can proceed with an official appointment letter which will be sent across to you via **DocuSign**.

We will need the following details:

1. Soft copy of National Identification Card and Passport (front and back)
2. Current address
3. Tentative start date -
4. Tentative end date -

Please **only reply me** when accepting the offer and our People team will then commence the onboarding process with the draft of your employment contract.

We're positive that Carousell will reward you with the challenge and excitement of bringing a meaningful product experience to millions of people around the world.

Looking forward to you starting your journey with Carousell!
