Hi there,

Thank you for your prompt response to my enquiry.

Please note that our staff pass is issued as a QR code rather than a physical card. Thus, I'm unable to show you.

Additionally, I would like to clarify that SIG has another office located at Suzhou Industrial Park International Business, situated at 55 Ayer Rajah Crescent. I hope this information helps you to proceed with arranging a season parking lot for me in the near future. I'll probably going to this office in Aug or Sept, please let me know how should I inform you when I get the confirmation date?

Yes, SIG Tax & Accounting is related to the Suzhou Industrial Park International Business Cooperation Centre. SIG has an office in Suzhou Industrial Park, specifically in the China-Singapore Building, and provides services to help businesses expand into Singapore and the ASEAN region. The Suzhou Industrial Park International Business Cooperation Centre likely facilitates this kind of business development and cooperation, making SIG a relevant entity within that context.

I'm looking to secure a season parking lot at 55 Ayer Rajah Crescent, starting from mid-August or September, as I will be stationed at our side office there for a few months. However, when searching for available season parking, I can only find options listed under 47-79 Ayer Rajah Crescent, which appear to be closer to the One-North area and likely more in demand. I'm unsure if this includes the lot at 55 Ayer Rajah, or if it's managed separately. Would you be able to assist me in securing a season parking lot specifically at Block 55, or advise me on the appropriate steps to take? Thank you very much for your help and support.
